Thursday 18th January 2024

Dear parents/carers,

On Thursday 25th January we are having a house afternoon, linking to our outdoor learning. The children will be participating in an outdoor activity for 45 minutes and will **need to bring in a waterproof pair of shoes (ideally wellington boots) and a warm, waterproof coat, a hat and gloves.** In the event of inclement weather activities will be held inside.

The theme for our house afternoon will be outdoor learning and the school value we will focus on is kindness.

We hope the children will enjoy spending time with the others in their house and this time will encourage a spirit of cooperation and house morale.

If you feel your child may need some extra support with the house afternoon, please read them the attached social story.

Thank you for your continued support,

Miss Hansford

House afternoon

Sometimes we have house afternoons at school. These are fun. Our school

house teams are birds.

The children in my class will be excited about house afternoon.

House afternoon will start in the hall. I will come to school in my school uniform and put on my outdoor shoes and coat when my teacher tells me to.

My teacher will tell me when it is time to go to the hall. I will line up with my house team in my class.

I will walk to the hall sensibly. This will make my teacher happy.

After we meet in the hall, I will walk with the other children in my house to our activity outside. I will work with the other children and adults in my house team. This will be fun.

I will listen to the house captains and teachers. I will be kind to others. This will make my teacher happy and I will get DOJO points for my house.

Taking part in house afternoons will be fun, but I won't always be with my friends. I will make new friends with children in different classes.

There will be teachers and teaching assistants helping us. If I feel worried or upset, I can talk to a teacher or teaching assistant and they will help me.

House afternoon will be lots of fun. I will work as a team and take part in different activities.

This will make me happy.

After we meet in the hall, I will walk with the other children in my house to our activity outside. I will work with the other children and adults in my house team. This will be fun.

Some of the activities will be using the play pod, huff and puff, obstacle courses, scavenger hunt, making bird feeders, using the sand pit, mud kitchen or active zone. These activities will be fun.

I must listen to the house captains and teachers. I must be kind to others. This will make my teacher happy and I will get DOJO points for my house.

Taking part in house afternoons will be fun, but I won't always be with my friends. I make new friends with children in different classes. There will be teachers and teaching assistants helping us. If I feel worried or upset, I can talk to a teacher or teaching assistant and they will help me.
