29<sup>th</sup> April 2024

Dear Parents and Carers

### **WEEE Workshop – Year 5 Friday 7<sup>th</sup> June**

Our Year 5 children have been invited to take part in a special workshop at Keynsham Recycling Centre on Friday 7<sup>th</sup> June.

Please see the attached letter from the Council Waste Team which provides more information.

The trip will take place within the school day and the children will be transported to and from the venue. They will need a **water bottle and a packed lunch** for the day, as well as weather appropriate school uniform.

**PLEASE REMEMBER TO PROVIDE A PACKED LUNCH AND CANCEL ANY SCHOOL LUNCH WHICH HAS BEEN BOOKED FOR THAT DAY.**

We also require **one parent helper per class** to accompany the children for each session. If you would like to support on this trip, please let us know by emailing the school office. We will pick a name from a hat for each class on Monday 13<sup>th</sup> May if we have a lot of interest.

Please contact us if you have any questions or concerns. We look forward to what should be a fun and interesting outing for the children.

Kind regards

Mr Styles (Science Lead) and the Year 5 team

Enc

Dear Parents/Carers,

To promote the recycling of electrical and electronic equipment waste, Valpak would like to offer your child a place on a fully funded workshop as well as transport to and from site. The two-hour session will run by the Bath and North East Somerset Waste Team supported by Bristol's Scrap Store.

The Waste Electrical and Electronic Equipment' (WEEE) Workshop will cover the following objectives:

- Children will be able to sort materials according to their properties.  
(KS2 Science)
- Children will understand the importance of recycling.
- Children will identify WEEE products and know that these items can be recycled.

During the workshop, the children will discover what and how items are recycled in Bath and North East Somerset. Following this the children will learn how we can reuse waste to create new items. This is a trail workshop and in the first instance, has only been offered to schools in Keynsham and Saltford.

The trip will take place on Friday 7<sup>th</sup> June at our newly built facility at Keynsham Recycling Centre on Pixash Lane. The coach will collect and drop off within normal school hours. If your child is attending the morning session you may like to provide a small, healthy snack and water bottle for break.

During the session we would like to take photographs to use on social media platforms for B&NES Council and Valpak. We may also use them for promotional literature. Please indicate to your school if you do not give permission for your child to feature in these.

Kind regards,

B&NES Council Waste Team & Valpak
